Instructions: Read the dialogue aloud.

Sally: Who can buy and sell shares?

Broker: Not everyone can trade on the stock exchange. Only brokers can do this. They buy and sell shares of stock for other people, the investors. Each broker pays over a million dollars to be a member.

Sally: Hang on ... All the people around here?

Broker: Yes. All the trading takes place in front of you. Hundreds of people run across the floor, talking, checking the latest stock prices and shouting orders.

Sally: Is that why they look so busy?

Broker: Pretty much, yeah. They're busy buying and selling on the trading floor.

Sally: Why are there so many computer screens? I don't understand ...
